

PICKLEBALL

Mt Albert

Strange Name for a Fun Game

One of the fastest growing sports in the world has come to central Auckland. Pickleball combines elements of tennis, badminton and table tennis. It is played on a badminton-sized court with a net about the height of a tennis net, paddles and a plastic ball.

- Was the tennis court getting too big for you, but you still want the thrill of the game?
- Was the shuttlecock flying a little too high, but you still want to whack something?
- Are you looking for a fun, social sport to play no matter what the weather is doing?

Pickleball could be the sport for you!

Come on! Give it a go!
